PHYSIOLOGY & BEHAVIOR

VOLUME 39 NUMBER 1 1987

CONTENTS

Editorial v

Articles

Control of protein intake in golden hamsters.
DIBATTISTA, D. 1

Short-term responses of plasma norepinephrine, epinephrine, glucocorticoid and testosterone titers to social and non-social stressors in male guinea pigs of different social status.
SACHSER, N. 11

Influence of postnatal rearing conditions on the response of squirrel monkey infants to brief perturbations in mother-infant relationships.
WIENER, S. G., D. F. JOHNSON and S. LEVINE 21

Gonadal steroids and the extinction of conditioned taste aversions in young domestic fowl.
CLIFTON, P. G. and R. J. ANDREW 27

A comparison of acute stress paradigms: Hormonal responses and hypothalamic serotonin.
PARIS, J. M., S. A. LORENS, L. D. VAN DE KAR, J. H. URBAN, K. D. RICHARDSON-MORTON and C. L. BETHEA 33

Effects of ethanol on aggression in three inbred strains of mice.
EVERILL, B. and M. S. BERRY 45

Salt and water intake in Brattleboro rats with hypothalamic diabetes insipidus.
ELFONT, R. M. and H. W. SOKOL 53

Enhancement of responses to sequential presentation of oral chemical irritants.
STEVENS, D. A. and H. T. LAWLESS 63

An improved chamber for the observation and analysis of the sexual behavior of the female rat.
MENDELSON, S. D. and B. B. GORZALKA 67

A lack of avoidance of flank gland secretions by male Syrian hamsters.
FULLENKAMP, A. M., R. B. FISCHER and R. A. VANCE 73

Handling facilitates the acquisition of lever-pressing for brain self-stimulation in the posterior hypothalamus of rats.
WEST, C. H. K. and R. P. MICHAEL 77

Influences of ACTH 4–10 on event-related potentials reflecting attention in man.
BORN, J., G. FEHM-WOLFSDORF, K. H. VOIGT and H. L. FEHM 83

Prior stress and behaviorally conditioned histamine release.
PEEKE, H. V. S., K. DARK, G. ELLMAN, C. McCURRY and M. SALFI ... 89

(+)-8-OH-DPAT and 5-MeODMT induced analgesia is antagonised by noradrenaline depletion.
ARCHER, T., E. ARWESTRÖM, B. G. MINOR, M.-L. PERSSON, C. POST, E. SUNDSTRÖM and G. JONSSON 95

Contents continued

Effects of detention and illumination on rats' exploratory behavior in a two-box apparatus.
AMBROGI LORENZINI, C., C. BUCHERELLI and A. GIACHETTI 103

Infusion of cholecystokinin between meals into free-feeding rats fails to prolong the intermeal interval.
WEST, D. B., M. R. C. GREENWOOD, A. C. SULLIVAN, L. PRESCOD, L. R. MARZULLO and J. TRISCARI 111

Adrenal hormonal indices of stress in laboratory rats.
NATELSON, B. H., D. CREIGHTON, R. McCARTY, W. N. TAPP, D. PITMAN and J. E. OTTENWELLER 117

Pharmacological subtraction of the sensory controls over grasping in rats.
PELLIS, S. M., V. C. PELLIS, D. P. O'BRIEN, F. DE LA CRUZ and P. TEITELBAUM 127

Recruitment time of conditioned opioid analgesia.
MATZEL, L. D. and R. R. MILLER 135

Brief Communication

The aromatase inhibitor, 1,4,6-androstatriene-3,17-dione (ATD), blocks testosterone-induced olfactory behaviour in the hamster.
STEEL, E. and J. B. HUTCHISON 141

Software Survey Section I

PHYSIOLOGY & BEHAVIOR

VOLUME 39 NUMBER 2 1987

CONTENTS

Editorial v

Articles

Nonaromatizable androgens may stimulate a male mouse reproductive behavior by binding estrogen receptors.
NYBY, J. G. and N. G. SIMON 147

Inefficient licking during forced spout alternation in rats: Violation of the law of effect?
MAMEDOV, Z., N. HERNANDEZ-MESA and J. BUREŠ 153

Investigation of tolerance to chronic intrathecal morphine infusion in the rat.
ADVOKAT, C., P. BURTON and C. B. TYLER 161

Effects of feeding and light cycles on activity rhythms of maternally isolated rat pups.
ANDERSON, V. N. and G. K. SMITH 169

Lack of synchrony between feeding activity and pulsatile growth hormone secretion in rats.
MOSIER, H. D., JR. and R. A. JANSONS 183

Transfer of effects from environmentally enriched and impoverished female rats to future offspring.
DELL, P. A. and F. D. ROSE 187

An alternative explanation for apparent satiating properties of peripherally administered bombesin and cholecystokinin in domestic fowls.
SAVORY, C. J. 191

The effect of desynchronization on meal patterns of humans living in time isolation.
GREEN, J., C. P. POLLAK and G. P. SMITH 203

The ventromedial hypothalamic nucleus is not essential for the prefeeding corticosterone peak in rats under restricted daily feeding.
HONMA, S., K.-I. HONMA, T. NAGASAKA and T. HIROSHIGE 211

Cholecystokinin stimulates and inhibits lordosis behavior in female rats.
BLOCH, G. J., A. M. BABCOCK, R. A. GORSKI and P. E MICEVYCH 217

Progesterone inhibition of aggressive behaviors in hamsters.
FRAILE, I. G., B. S. McEWEN and D. W. PFAFF 225

Pinealectomy blocks vernal courtship behavior in red-sided garter snakes.
NELSON, R. J., R. T. MASON, R. W. KROHMER and D. CREWS 231

A quantitative study on the tail flick test in the rat.
KAWAKITA, K. and M. FUNAKOSHI 235

Contents continued

Effects of prenatal testosterone propionate treatment on saccharin preference of adult rats exposed to ethanol in utero.
McGIVERN, R. F., C. HOLCOMB and R. E. POLAND 241

Phenylalanine and aspartame fail to alter feeding behavior, mood and arousal in men.
RYAN-HARSHMAN, M., L. A. LEITER and G. H. ANDERSON 247

Behavioral differences between male and female Wistar rats on DRL schedules: Effect of stimuli promoting collateral activities.
VAN HEST, A., F. VAN HAAREN and N. E. VAN DE POLL 255

Behavioral differences between male and female Wistar rats in food rewarded lever holding.
VAN HEST, A., F. VAN HAAREN and N. E. VAN DE POLL 263

Brief Communications

Sex differences in response rates during random ratio acquisition: Effects of gonadectomy.
HEINSBROEK, R. P. W., F. VAN HAAREN, F. ZANTVOORD and N. E. VAN DE POLL 269

Hypoglossal responses to macular stimulation in the rabbit.
MAMELI, O. and E. TOLU 273

Age-dependent effects of acute and chronic intermittent stresses on serum metallothionein.
ARMARIO, A., J. HIDALGO, J. BAS, C. RESTREPO, A. DINGMAN and J. S. GARVEY 277

Environmental enrichment facilitates foraging behavior.
CHEAL, M. L. 281

Software Survey Section I

PHYSIOLOGY & BEHAVIOR

VOLUME 39 NUMBER 3 1987

CONTENTS

Editorial v

Articles

The preference-aversion behavior of rats for nutritionally-controlled diets containing oil or fat.
NAIM, M., J. G. BRAND and M. R. KARE 285

Self-selection of calcium during pregnancy and lactation in rats.
WOODSIDE, B. and L. MILLELIRE 291

The effects of bilateral and unilateral frontal lesions on visual cortical hypersynchronous bursting and behavioral activity.
KINGHORN, E. W., D. E. FLEMING and R. H. ANDERSON 297

A procedure for within-trial repeated measurement of gastric emptying in the rat.
CONOVER, K. L., H. P. WEINGARTEN and S. M. COLLINS 303

Males increase serum estrogen and estrogen receptor binding in brain of female voles.
COHEN-PARSONS, M. and C. S. CARTER 309

Gold thioglucose-induced brain lesions in hamsters.
BROWN, D. F. and O. R. FLOODY 315

Circadian rhythms in sleep-wakefulness and wheel-running activity in a congenitally anophthalmic rat mutant.
IBUKA, N. 321

Pirenperone effects on temperature preference and body temperature in maturing mice.
DOBREA, G. M. and C. GOODRICH 327

Mapping of jumping, rearing, squealing and switch-off behaviors elicited by periaqueductal gray stimulation in the rat.
SANDNER, G., P. SCHMITT and P. KARLI 333

Effects of ventromedial nucleus lesions on the display of lordosis behavior in the male rat. Interactions with facilitory effects of male urine.
CHATEAU, D., A. CHABLI and CL. ARON 341

Influence of regimen and insulinemia on orexigenic effects of GRF_{1-44} in sheep.
RIVIERE, P. and L. BUENO 347

Caloric regulation and patterns of food choice in a patchy environment: The value and cost of alternative foods.
JOHNSON, D. F. and G. H. COLLIER 351

Short- and long-term effects of ovariectomy on food intake, body weight, carcass composition, and brown adipose tissue in rats.
McELROY, J. F. and G. N. WADE 361

Contents continued

Hypothalamic temperature and deep body temperature during copulation in the male rat.
BLUMBERG, M. S., J. A. MENNELLA and H. MOLTZ 367

Transcervical sperm transport in the rat: The roles of pre-ejaculatory behavior and copulatory plug fit.
TONER, J. P., A. I. ATTAS and N. T. ADLER 371

The effect of forced running on heat production in brown adipose tissue in rats.
SHIBATA, H. and T. NAGASAKA 377

Basal forebrain infusion of HC-3 in rats: Maze learning deficits and neuropathology.
HURLBUT, B. J., J. F. LUBAR, R. SWITZER, J. DOUGHERTY and M. L. EISENSTADT 381

Modulation during sleep of the cat trigeminal neurons responding to tooth pulp stimulation.
SATOH, T., S. YAMADA, T. YOKOTA, T. OHSHIMA and S. KITAYAMA ... 395

Gastric balloon reduces food intake and body weight in obese rats.
GELIEBTER, A., S. WESTREICH, S. A. HASHIM and D. GAGE 399

Brief Communications

Fear-potentiated startle using an auditory conditioned stimulus: Effect of lesions of the amygdala.
HITCHCOCK, J. M. and M. DAVIS 403

Absence of behavioral differences between male and female rats in different radial-maze procedures.
VAN HAAREN, F., M. WOUTERS and N. E. VAN DE POLL 409

Effects of acute exercise on food intake and plasma free fatty acid levels.
LARUE-ACHAGIOTIS, C. and J. LOUIS-SYLVESTRE 413

Preparation and maintenance of rats with chronic esophagostomy and gastric cannula.
MOOK, D. G. and S. WAGNER 417

Software Survey Section I

PHYSIOLOGY & BEHAVIOR

Articles

Mating-induced inhibition of receptivity in the female golden hamster *(Mesocricetus auratus)*: III. Stimuli mediating long-term effects.
HUCK, U. W., R. D. LISK, E. J. PARENTE and C. L. GUYTON 421

Male rat behavior, endocrinology and reproductive physiology in a mixed-sex, socially stressful colony.
TAYLOR, G. T., J. WEISS and R. RUPICH 429

Behavioral correlates of vitamin D deficiency.
ALTEMUS, K. L., S. FINGER, C. WOLF and S. J. BIRGE 435

Chronic nicotine and withdrawal effects on body weight and food and water consumption in female rats.
LEVIN, E. D., M. M. MORGAN, C. GALVEZ and G. D. ELLISON 441

Effect of morphine and naloxone on shock avoidance learning in headless cockroaches *(Periplaneta americana* L.).
WEISS, A. and H. PENZLIN 445

Changes in neurotransmitter amino acids content in several CNS areas from aggressive and non-aggressive bull strains.
MUÑOZ-BLANCO, J. and A. PORRAS CASTILLO 453

Water drinking caused by intracerebroventricular infusions of hypertonic solutions in cattle.
McKINLEY, M. J., D. A. DENTON, D. GELLATLY, R. R. MISELIS, J. B. SIMPSON and R. S. WEISINGER 459

Changes in sodium appetite in cattle induced by changes in CSF sodium concentration and osmolality.
BLAIR-WEST, J. R., D. A. DENTON, D. R. GELLATLY, M. J. McKINLEY, J. F. NELSON and R. S. WEISINGER 465

Early separation of young rats from the mother and the development of play fighting.
JANUS, K. 471

Tyrosine administration to pregnant rats induces persistent behavioral modifications in the male offspring.
AREVALO, R., R. CASTRO, M. D. PALAREA and M. RODRIGUEZ 477

Auditory elicitation of the P300 event-related evoked potential in the rat.
HURLBUT, B. J., J. F. LUBAR and S. M. SATTERFIELD 483

Conditioned taste aversion in vasopressin-deficient rats (Brattleboro strain).
YIRMIYA, R., M. D. HOLDER and J. GARCIA 489

Effects of adrenalectomy upon proceptivity, receptivity and sexual attractiveness in ovariectomized marmosets *(Callithrix jacchus)*.
DIXSON, A. F. 495

Contents continued

Effects of naltrexone on learning and performance of conditional fear-induced freezing and opioid analgesia.
HELMSTETTER, F. J. and M. S. FANSELOW 501

Food deprivation dissociates pancreatic glucagon's effects on satiety and hepatic glucose production at dark onset.
GEARY, N., N. FARHOODY and A. GERSONY 507

Behavioral correlates of hippocampal type 2 theta in the rat.
SAINSBURY, R. S., A. HEYNEN and C. P. MONTOYA 513

The effect of photoperiod on development of sexual behavior and fertility in golden hamsters.
CHERRY, J. A. 521

Practical liquid diets for rats: Effects on growth.
RAMIREZ, I. 527

Synergism of a compound unconditioned stimulus in taste aversion conditioning.
KUSNECOV, A. W., M. G. KING and A. J. HUSBAND 531

Role of central α_2-adrenoceptors on the development of muricidal behavior in olfactory bulbectomized rats: Effect of α_2-adrenoceptor antagonists.
HONG, K. W., W. S. LEE and B. Y. RHIM 535

Separate mechanisms for central osmotically-induced drinking and vasopressin release in minipigs.
THORNTON, S. N., M. L. FORSLING, B. A. BALDWIN and C. E. DELANEY 541

Brief Communications

Naltrexone reverses a long term depressive effect of a toxic lithium injection on saccharin preference.
LIEBLICH, I. and R. YIRMIYA 547

Effect of phentolamine on wakefulness and sleep during recovery from REM sleep deprivation in cats.
LEPPÄVUORI, A. and I. HILAKIVI 551

PHYSIOLOGY & BEHAVIOR

VOLUME 39 NUMBER 5 1987

CONTENTS

Editorial v

Articles

Intermale social aggression: Reinstatement in castrated rats by implants of testosterone propionate in the medial hypothalamus.
ALBERT, D. J., E. M. DYSON and M. L. WALSH 555

Macronutrient relationships with meal patterns and mood in the spontaneous feeding behavior of humans.
DE CASTRO, J. M. 561

Increased aversion to bitter-tasting fluids in the Brattleboro rat.
GARTSIDE, I. B. and J. F. LAYCOCK 571

Effects of cerebellar vermal lesions on species-specific fear responses, neophobia, and taste-aversion learning in rats.
SUPPLE, W. F., JR., R. N. LEATON and M. S. FANSELOW 579

A role for the liver in the effects of glucagon on food intake in domestic fowl.
HOWES, G. A. and J. M. FORBES 587

Cyclosporine and alpha-interferon do not attenuate morphine withdrawal in rats but do impair thermoregulation.
DANTZER, R., E. SATINOFF and K. W. KELLEY 593

Effects of repeated as compared to single aggressive confrontation on nociception and defense behavior in C57BL/6 and DBA/2 mice.
KÜLLING, P., H. R. FRISCHKNECHT, A. PASI, P. G. WASER and B. SIEGFRIED 599

Degree of light damage to the regina varies with time of day of bright light exposure.
WHITE, M. P. and L. J. FISHER 607

Spontaneous testicular recrudescence of Syrian hamsters: Role of stimulatory photoperiods.
NELSON, R. J. and I. ZUCKER 615

Taste effectiveness of some D- and L-amino acids in mice.
KASAHARA, T., K. IWASAKI and M. SATO 619

Testicular hormones during the first few hours after birth augment the tendency of adult male rats to mount receptive females.
ROFFI, J., F. CHAMI, P. CORBIER and D. A. EDWARDS 625

Circadian variation of food intake and digestive tract contents in the rat.
VACHON, C. and L. SAVOIE 629

Patterns of maternal behavior in the spontaneously hypertensive rat.
CIERPIAL, M. A., D. E. SHASBY and R. McCARTY 633

Contents continued

Longitudinal changes in sweet preferences in humans.
DESOR, J. A. and G. K. BEAUCHAMP 639

Brief Communications

Hippocampal substrate of sensory associations.
PORT, R. L., A. L. BEGGS and M. M. PATTERSON 643

Easy construction of an improved fine wire electrode for chronic single neuron recording in freely moving animals.
YAMAMOTO, T. 649

No increase in reaction-time after lesion of the dorsal noradrenergic bundle.
BRENNER, E., B. C. THEUNISSE, M. MIRMIRAN and J. VAN DER GUGTEN 653

Computer-automated method to study cardiac conditioning to a chemical cue in young salmon.
MORIN, P.-P., J.-L. VERRETTE, J. J. DODSON and F. Y. DORÉ 657

Effective intervals for the administration of estradiol pulses and the induction of sexual behavior in female rats.
CLARK, A. S. and E. J. ROY 665

The effect of naloxone on nocturnal food intake in female and male rats.
WAGER-SRDAR, S. A., M. GANNON and A. S. LEVINE 669

Technical Note

Recent improvements in the UNO BP monitor/conditioner.
ELDER, S. T., E. H. GAMBLE, E. BRANLEY and D. GARRETT 673

Book Review 675

Articles

Scent marking in the musk shrew *(Suncus murinus)*.
TENNANT, L. E., E. F. RISSMAN and F. H. BRONSON 677

Further studies on nicotine-induced emesis: Nicotinic mediation in area postrema.
BELESLIN, D. B. and S. K. KRSTIĆ 681

Effects of dietary dehydroepiandrosterone on food intake and body weight in rats with medial hypothalamic knife cuts.
GOSNELL, B. A. 687

Intermale social aggression in rats: Suppression by medial hypothalamic lesions independently of enhanced defensiveness or decreased testicular testosterone.
ALBERT, D. J., E. M. DYSON, M. L. WALSH and B. B. GORZALKA 693

Chronic methamphetamine and its withdrawal modify behavioral and neuroendocrine circadian rhythms.
MORIMASA, T., A. WIRZ-JUSTICE, K. KRAEUCHI, J. ARENDT, J. BAUMANN, A. HAEUSLER, P. DEGEN and H. FEER 699

Time course of insulin, corticosterone and metabolic changes caused by lesion of the ventromedial hypothalamus in the rat.
ZAIA, T. B. V., C. M. P. OLLER DO NASCIMENTO, C. TIMO-IARIA and M. S. DOLNIKOFF 707

Open field activity and passive avoidance responses in rats after lesion of the central amygdaloid nucleus by electrocoagulation and ibotenic acid.
RIOLOBOS, A. S. and A. I. MARTÍN GARCÍA 715

Effects of pre- and early postnatal protein malnutrition on carcass composition and lipoprotein lipase activity in male rats.
BARTNESS, T. J., C. R. GOODLETT and P. J. MORGANE 721

Reduction in cold-water swim analgesia following hypothalamic paraventricular nucleus lesions.
TRUESDELL, L. S. and R. J. BODNAR 727

Sympathetic responses of the heart and adrenal medulla in developing Dahl hypertensive rats.
MURPHY, C. A., M. A. CIERPIAL, A. H. BOROM and R. McCARTY 733

The measurement of food preferences in humans: Do taste-and-spit tests predict consumption?
LUCAS, F. and F. BELLISLE 739

Inhibited drinking and pica in rats following 2-deoxy-D-glucose.
WATSON, P. J., C. HAWKINS, J. McKINNEY, S. BEATEY, R. R. BARTLES and K. RHEA 745

Contents continued

Central administration of motilin stimulates feeding in rats.
ROSENFELD, D. J. and T. L. GARTHWAITE 753

Caffeine enhancement of saccharin but not cyclamate flavor avoidance.
MASON, J. R. and N. J. BEAN 757

Further evidence that stress hyperthermia is a fever.
KLUGER, M. J., B. O'REILLY, T. R. SHOPE and A. J. VANDER 763

Poly-A$^+$ mRNA and defeminization of sexual behavior and gonadotropin secretion in rats.
ULIBARRI, C. and P. YAHR 767

Brief Communications

Changes in serum cortisol reveal functional differences in frustration-induced chain chewing in pigs.
DANTZER, R., H. W. GONYOU, S. E. CURTIS and K. W. KELLEY 775

Long-term effects of naturally occurring within-litter differences in body weight of rats.
PERUZOVIĆ, M., J. M. JOFFE and K. MILKOVIĆ 779

Retention of reference memory following ischemic hippocampal damage.
DAVIS, H. P., J. R. BARANOWSKI, W. A. PULSINELLI and B. T. VOLPE 783

Index to Volume 39 787
